Objective

React.js Developer with experience in building dynamic, high-performance user interfaces. Skilled in React.js concepts such as Redux, Flux, and Webpack. Passionate about enhancing application performance and developing scalable front-end solutions.

Education

Degree	Institute/School	CGPA/Percentage	Year
B. Tech - IT	Sri Venkateswara College of Engineering, Tirupati	80	2020-2024

Skills

- **Frontend Development:** HTML5, CSS3, JavaScript (ES6+), TypeScript

- **Frameworks & Libraries:** React.js, Redux, Flux, Webpack

- **State Management:** Redux, Context API

- **Testing:** Jest, Mocha, Enzyme

- **Performance Optimization:** Browser-based debugging and performance testing

- **Version Control & Collaboration:** Git, GitHub, CI/CD pipelines

- **API Integration:** REST, GraphQL

- **User Interface Design:** Responsive UI, Figma, Adobe XD

- **Project Management:** Agile, Scrum methodologies

Projects

Swiggy - Online Food Ordering Platform

- **Objective:** Developed a dynamic food ordering platform to enhance the user experience.

- Built reusable UI components for seamless navigation and order placement.

- Integrated Redux for efficient state management.

- Optimized UI rendering for improved speed and performance.

- **Tech Stack:** React, Redux, Webpack, Bootstrap

- **Link:** [Swiggy Clone](#)

Crypto Currency Tracker

- **Objective:** Developed a real-time cryptocurrency tracking web application.

- Integrated multiple APIs to fetch live market data.

- Implemented interactive data visualizations using Google Charts.

- Developed search and filtering functionalities for enhanced user experience.

- **Tech Stack:** React, REST APIs, Google Charts, TailwindCSS

- **Link:** [Crypto Tracker](#)

E-commerce Web Application

- **Objective:** Built a scalable e-commerce platform with user authentication and product management.

- Designed a responsive and interactive UI using React and TailwindCSS.

- Implemented payment gateway integration and cart management.

- **Tech Stack:** React, Redux, Webpack, Django, MongoDB, Stripe API

Certifications & Achievements

- **HackerRank Problem Solving (5-star)** – Demonstrated advanced problem-solving skills in DSA.

- **LinkedIn Certified Frontend Developer** – Expertise in modern web development frameworks.

- **Accenture Developer Virtual Experience Program** – Hands-on experience in frontend development.

- **NPTEL - The Joy of Computing Using Python** – Strengthened programming fundamentals.
