Portfolio

Objective

Detail-oriented and analytical **Device Associate** with a strong understanding of **QA methodologies, testing procedures, and defect reporting**. Seeking to leverage my skills in executing test cases, performing software testing, and improving processes within a dynamic and innovative team.

Education

Degree	Institute/School	CGPA/Percentage	Year
B. Tech - IT	Sri Venkateswara College of Engineering, Tirupati	80	2020-2024

Skills

- **Testing & QA Methodologies:** Test Case Execution, Bug Reporting, Regression Testing

- **Defect Tracking Tools:** JIRA, TestRail

- **Automation Testing:** Selenium (Basic Knowledge)

- **Programming Languages:** Python (Basic), JavaScript

- **Software Tools:** Android Studio, Xcode, ADB Commands

- **Version Control & Collaboration:** Git, GitHub

- **Data Capture & Analysis:** Google Sheets, Excel

- **Process Compliance & Security:** SOP Adherence, Confidentiality Maintenance

Work Experience

Device Associate | 2+ Years Experience

- **Executed test cases** for validating software builds on mobile platforms.

- **Performed test execution** for Fire OS applications and reported bugs using standard tools.

- **Conducted regression testing** to ensure quality across multiple releases.

- **Captured test results, logged discrepancies, and provided timely reports** to stakeholders.

- **Ensured compliance with SOPs** and maintained confidentiality of testing processes.

- **Collaborated with cross-functional teams** to resolve defects and improve test case efficiency.

Projects

Mobile App Testing (E-commerce Platform)

- **Objective:** Tested and validated a mobile shopping application.

- Conducted **manual testing** for UI/UX issues, responsiveness, and checkout functionalities.

- Reported and tracked defects in **JIRA**.

- Performed **performance testing** to identify app crashes and latency issues.

Regression Testing for a Streaming Service

- **Objective:** Ensured seamless performance of a video streaming platform across multiple devices.

- Conducted **test execution on Android & iOS devices**.

- Used **ADB commands for debugging and log capture**.

- Verified **compatibility and playback quality** across different network conditions.

Certifications & Achievements

- **Certified Tester Foundation Level (ISTQB - CTFL)**

- **NPTEL - Software Testing Certification**

- **HackerRank SQL (5-star)** – Proficient in data analysis and querying.

Additional Skills & Tools

- **Defect Tracking & Reporting:** JIRA, TestRail

- **Manual & Automation Testing:** Selenium (Basic), Appium (Basic)

- **Database Knowledge:** MySQL, SQLite

- **Soft Skills:** Strong problem-solving abilities, communication, collaboration skills
